PROFILE

Self-driven CSE student proficient in C/C++, Java, Web Development, and Database Management with a passion for exploring the frontiers of Artificial Intelligence.

SKILLS

- Amazon Web Services
- AI\ML
- Web Design
- Problem-Solving
- Design Thinking
- Python
- C\C++
- Java
- Data Structures and Algorithms
- Strong Communication Skills

PROJECTS

AWS CICD PIPELINE USING GITHUB ACTIONS
https://github.com/AlbinJohns/AWS-CICD-Project

Assembled a comprehensive GitHub repository showcasing a seamless AWS EC2-hosted website CICD pipeline using GitHub Actions.

WALL CRACK DETECTION USING RESNET-18
https://github.com/AlbinJohns/Crack-Detection-Using-ResNet18

Developed a robust image classification model for wall analysis, utilizing the ResNet-18 architecture and PyTorch. Achieved accurate detection of cracks, enhancing structural assessment efficiency.

EDUCATION

IMTECH CSE

Vellore Institue of Technology, Vellore, Tamil Nadu

CGPA - 9.40

SENIOR SECONDARY SCHOOL

Rajagiri Christu Jayanthi Public School, Kerala

AISSCE - 97.7%

SECONDARY SCHOOL

Marthoma Public School, Kerala

AISSCE - 96.6%

PUBLICATION

JOURNEY TOWARDS A SYNTHETIC CONSCIOUSNESS

https://www.researchgate.net/publication/358211042_Journey_Towards_A_Synthetic_Consciousness

A comprehensive study on Artificial Intelligence involving its evolution and impacts on various sectors. Successfully published and presented in Research Gate with 150+ reads and has been referenced by many many industry experts.

CERTIFICATIONS

- AWS CERTIFIED CLOUD PRACTITIONER
- IBM CERTIFIED AI ENGINEERING PROFESSIONAL
